Professional Summary

Frontend Developer with strong experience building clean, responsive, and user-centric web interfaces. Skilled in JavaScript, React.js, and Tailwind CSS, with a focus on performance, component architecture, and modern UI/UX practices. Passionate about turning ideas into polished digital experiences and continuously improving through learning.

Skills

- HTML5, CSS3, JavaScript (ES6+), TypeScript
- React.js (Hooks, State Management, Component Architecture)
- Tailwind CSS & Responsive UI Design
- Git & GitHub Version Control
- REST APIs Integration

Projects

Feastly – Restaurant E-Commerce Web Application

A fully responsive, modern restaurant ordering interface built with React.js and Tailwind CSS. Features include dynamic Swiper sliders, reusable and scalable UI components, a clean menu browsing experience, and mobile-optimized layouts. Designed with a focus on smooth user interaction, visual hierarchy, and performance.
